Aim

This test was done in order to determine the compliance of the Military Full Body Harness of the Safe Defence product range, with the dynamic test requirements of AS/NZS 1891.1:2007

The following table covers the test program conducted;

Designation	Test	Description
REAR DORSAL	COMPLIANCE TO APPENDIX D	DT2015-58 - HEAD UP REAR DYNAMIC 3.8M DROP TEST
REAR DORSAL	COMPLIANCE TO APPENDIX D	DT2015-59- HEAD DOWN REAR DYNAMIC 3.8M DROP TEST

Conclusion

The Safe Defence Harness was able to demonstrate compliance with dynamic tests requirements of appendix C of AS/NZS 1891.1:2007 when tested .

Test Number:

DT2015-58

Assessment:

DT2015-58 - The Military full body harness was able to successfully pass the 3.8m dynamic drop test with no damage to webbing.

Test Number:

DT2015-59

Assessment:

DT2015-59 - The Military full body harness was able to successfully pass the 3.8m dynamic drop test with no visible damage to webbing.
